

Charges

We, RKS Invest Link Limited, trading as Invest Link act as an intermediary (Broker) between you, the consumer, and the product provider with whom we place your business.

The background

A retail intermediary shall make available on its website a summary of the details of any fee, commission, other reward or remuneration received from regulated product providers, where we hold appointments to act for them.

What is commission?

For the purpose of this document, commission is the payment earned by the intermediary for work undertaken on behalf of both the provider and the consumer. The amount of commission is generally directly related to the quantity or value of the products sold.

There are different types of commission models:

Single commission model:	where payment is made to the intermediary shortly after the sale is completed and is based on a percentage of the premium paid/amount invested/amount borrowed.
Trail/Renewal commission model:	Further payments at intervals are paid throughout the life span of the product.
Indemnity commission	Indemnity commission is the term used to describe a commission payment made before the commission is deemed to be 'earned'. Indemnity commission may be subject to a clawback (see below) if the consumer lapses or cancels the product before the commission is deemed to be earned.

Other forms of indemnity commission are advances of commission for future sales granted to intermediaries in order to assist with set up costs or business development.

Life Assurance/Investments/Pension products

For Life Assurance products commission is divided into initial commission and renewal commission (related to premium), fund based or trail relating to accumulated fund.

Trail commission, bullet commission, fund based or renewal commission are all terms used for ongoing payments. Where an investment fund is being built up through an insurance-based investment product or a pension product, the increments may be based on a percentage of the value of the fund or the annual premium. For a single premium/lump sum product, the increment is generally based on the value of the fund.

Examples of products include Life Protection, Regular Premium Life Assurance Investments, Single Premium (lump sum) Insurance-based Investments, and Single Premium Pensions.

Investments

Investment firms, which fall within the scope of the European Communities (Markets in Financial Instruments) Regulations 2007 (the MiFID Regulations), offer both standard commission and commission models involving initial and trail commission. Increments may be based on a percentage of the investment management fees, or on the value of the fund.

Credit Products/Mortgages

Commission may be earned by intermediaries for arranging credit for consumers, such as mortgages. The single, or standard, commission model is the most common commission model applied to the sale of mortgage products by mortgage credit intermediaries (Mortgage Broker).

Clawback

Clawback is an obligation on the intermediary to repay unearned commission. Commission can be paid directly after a contract is concluded but is not deemed to be 'earned' until after a specified period of time. If the consumer cancels or withdraws from the financial product within the specified time, the intermediary must return commission to the product producer.

Fees

The firm may also be remunerated by fee by the product producer such as policy fee, admin fee, or in the case of investment firms, advisory fees. Include arrangements etc

Please Note

The enclosed commission guidance section gives indicative values across every product provider and every product advised whereby a commission or fee is received within our business. This is the maximum our Brokerage will take and is subject to change, in certain cases our Brokerage may take a different remuneration than the enclosed percentages/amounts. This will be disclosed to each client as per the Central Bank Consumer Protection Code regulations, on a client by client basis.

Other Fees, Administrative Costs/ Non-Monetary Benefits

The firm may also be in receipt of non-monetary benefits such as:

- Attendance at product provider seminars
- Assistance with Advertising/Branding
